

What employees have the largest sales?

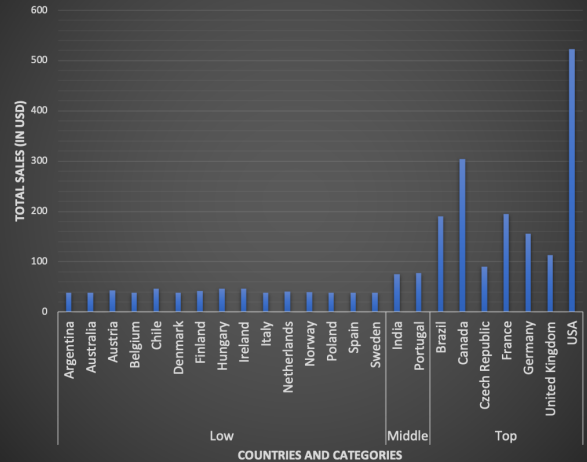

There are three top sales employees: Peacock Jane, Park Margaret and Johnson Steve.

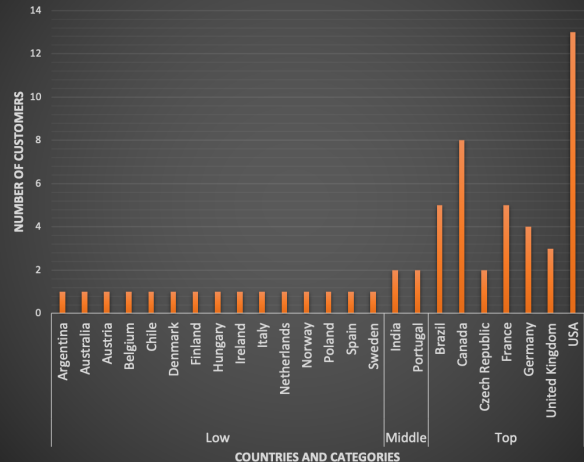

Peacock Jane stands out with total sales of \$833. The possible reason for that is that she was hired a year before the rest of the employees mentioned above.

What are 'Top', 'Middle' and 'Low' countries according to the number of customers and total sales?

Top, middle and low countries according to the total sales

Top, middle and low countries according to the number of customers

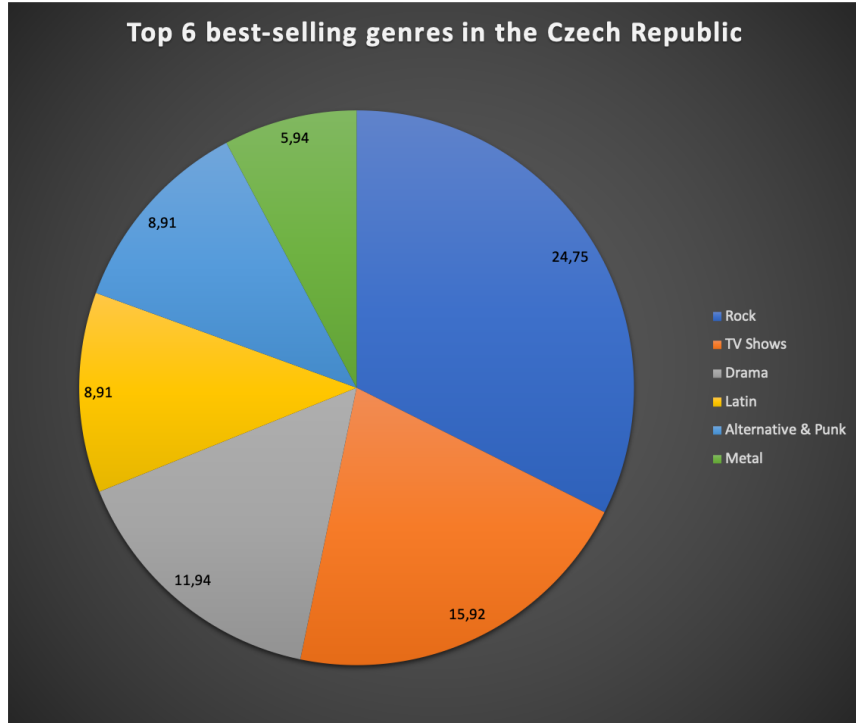

There are seven 'Top' countries, where the USA, Canada, Brazil and France have the highest number of customers as well as the most outstanding total sales.

Regardless of the fact that the number of customers in the Czech Republic are on the same scale as in the 'Middle' countries, its total sales are \$90 which are quite promising.

In the 'Middle' category only two countries can be found such as Portugal and India. The numbers for sales and customers are quite even.

'Low' category is represented by fifteen countries whose total sales (under \$50) and number of customers (under 2) are particularly on the same level.

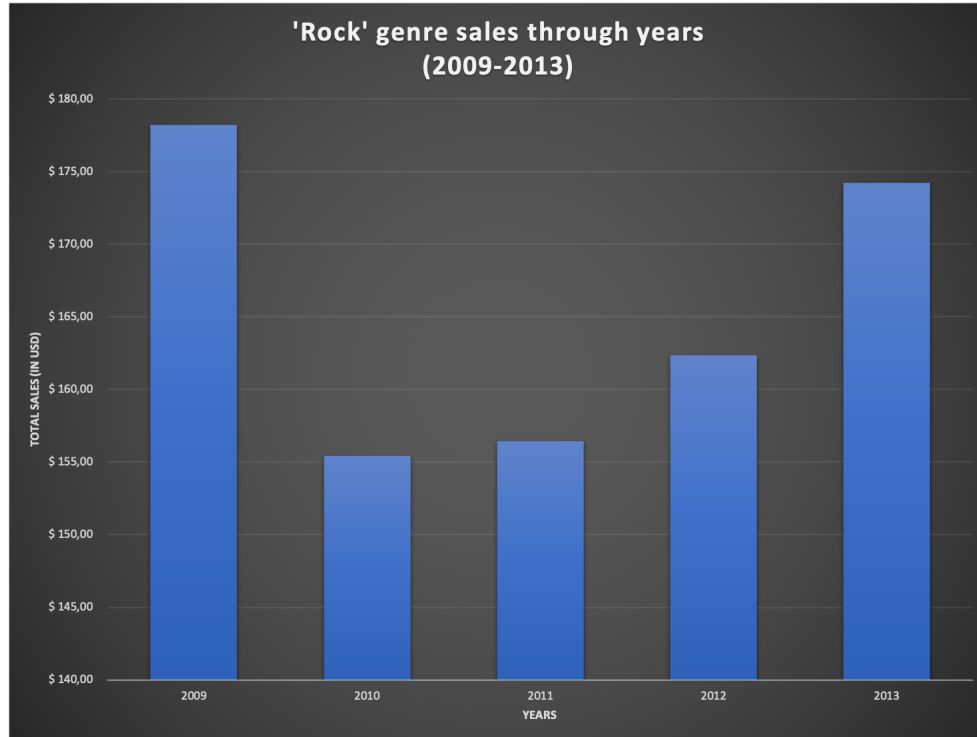

Which genre sells the most in the Czech Republic?

The best-selling genre is 'Rock' with total sales of \$24,75. Next go 'TV Shows' (\$15,92), 'Drama' (\$11,94) and 'Latin' (\$8,91).

The rock "brothers", which are 'Alternative & Punk' and 'Metal', also share the top six. Though their sales are almost four times smaller.

How did sales of 'Rock' genre change through years?

'Rock' was best sold in 2009 with total sales of \$178,20.

There was a decline in 2010. The numbers for total sales were \$155,43.

Then sales of 'Rock' experienced a slight growth in the next years. Finally in 2013 the total sales almost returned into a condition they were in 2009 with the numbers of \$174,24.
